AMERICA'S LEADING NURSEYMEN

ESTABLISHED 1878

CREETINGS to old and new customers. This is only a price list with special quotations to Fall buyers. Our large, handsomely illustrated catalog (Spring, 1916 edition) will be sent immediately on request to anyone who has not a copy on hand. It gives a complete description of all our varieties and detailed information on the selection, planting and care of trees.

King's Lead in Quality Stock. No better can be bought at any price no matter what you pay. Our customers comprise many of the largest planters in the country who know that our hardy, disease free, guaranteed true to name, Genesee Valley grown trees are in the foremost rank.

King's Lead in Service. Practical orchard and nursery workers with long and thorough experience are assembled in King Bros. Nurseries to grow the best trees and deliver them to you in fine condition. Write us fully for free information about varieties, markets, soils, etc. Our Martin King, Jr. who traveled five thousand miles the past summer studying conditions, markets, varieties and fruit growing methods in Ohio, Pennsylvania, Maryland, West Virginia, New Jersey and New York, whose life time has been spent in nursery and orchard from his boyhood up will answer every letter personally and give you the result of his experiences and observations honestly, cheerfully and free.

King's Lead in Progressive Methods. This price list is an illustration of our thorough yet money saving methods. Instead of printing a large fall catalog with high war prices, we send out this condensed price list, saving hundreds of dollars in printers bills which enables us to offer a better tree for less money than any reliable competitor in Dansville, Rochester, or elsewhere.

As another illustration, read our guarantee and remember we were the first nursery firm in America to give this guarantee and that several large competing firms have since followed our leadership and are printing it in their catalogs in practically the same words as introduced by us.

Compare our prices with those asked by other nurserymen. Now is the time to buy. A few dollars invested now in trees will pay big dividends in the next few years.

ATTENTION: Mr. Martin King, Jr.

Dear Mr. King:—Your trees came in fine shape. I just finished unloading them last evening. From every appearance they are fully up to my expectations. They will be settled for in accordance with our agreement.

Hoping that you will be able to come on to our farm and see the trees for yourself sometime during the coming season and get better acquainted with my people, I am,

Very truly yours,

NOTE:—This firm has thousands of our trees planted on their tracts in Pennsylvania. They are the largest fruit growers of the Eastern States in number of acres, trees and equipment. THIS IS TO CERTIFY that the stock in the nursery of King Brothers Nurseries, of Dansville, County of Livingston, State of New York, was duly examined in compliance with the provisions of Section 305 of the Agricultural Law, and was found to be apparently free from any contagious or infectious disease or diseases, or the San Jose scale or other dangerously injurious insect pest or pests. This certificate expires September 1st, 1917.

Dated, Albany, N. Y., September 1st, 1916.

(Signed) C. S. WILSON, Commissioner of Agriculture.

King Brothers merit your valued patronage by reason of the fact that they give you more for your money, be you orchardist or farmer or villager with a small garden, than any high class reliable nursery house in the Country. Thirty-eight years experience, progressive business methods of propagation and men of solid and tested worth are behind our trees.

To Our Old and New Customers:

Martin King, the founder of King Bros. Nurseries, came partly by foot and partly by the old Erie Canal boat up into this Genesee Valley fifty-two years ago with a few shillings in his pocket and an old bundle of clothes thrown over his back—a boy of eighteen years. Beginning here as a day laborer, he has grown millions of trees, established a great nursery business with four sons to now carry on the work. Hard work, perseverance and honesty was his watchword. This is the spirit of King Bros. Nurseries today. With every facility for growing good trees and with confidence in ourselves and in our growing and expanding business we, solicit your valued patronage. It is our life work and our pleasure to serve you.
